

Forklift Truck

Forklift operation is a complementary skill for rigging in the CaPT sector, more common with site and festival work it's an entry-level High-Risk Work License (HRWL) which make it a great ticket to start with.

Please note: every HRW License completed requires a **Victorian postal address** and an **additional fee of \$66.60** for issuing your license.

Please be aware that courses are aimed at the construction industry and can often reflect the attitudes, culture and demographics of that industry. If you have concerns about the accessibility and/or cultural safety of these courses, please contact me directly to discuss (christian@tna.org.au). It may be possible to group students together, enabling them to support each other throughout the training course.
