

## White Card

A “Construction Induction” card or “White Card” is required to enter a work/construction site. In the CAPT sector, if you need to work at a festival site or Circus tent before its open to public you are required to have one. It’s generally a 6-hour course.

Please be aware that courses are aimed at the construction industry and can often reflect the attitudes, culture and demographics of that industry. If you have concerns about the accessibility and/or cultural safety of these courses, please contact me directly to discuss ([christian@tna.org.au](mailto:christian@tna.org.au)). It may be possible to group students together, enabling them to support each other throughout the training course.
